

BELTRONICS RADAR DETECTORS

SHIFTER ZR4

- Round out your radar detector protection with the Shifter ZR4 custom installed Laser Shifter. Our patented "Speed of Light Protection" is the most advanced defense system against targeting laser guns
- System includes 2 front mounted and 1 rear mounted laser transceivers, interface module, display controller with audible and visual alerts, and a remote mute button
- The exclusive "link" design allows you to connect the ZR4 to select Beltronics radar detectors (RX65 Blue, RX65 Red, STi, Vector 995, Vector 965, Vector 955, Vector 940, RX75 and RX75 Plus), providing the ultimate protection against all forms of radar and laser encounters
- Front and Rear

- Mounted Laser Transceivers
- High-Speed A/D converter • Remote Mute / Manual "Receive Only Mode"
- Display Controller
- Plug-in Installation using Modular Connections
- Front and Rear Indication • Automatic Brightness Control
- Self-Diagnostics mode with Error Indication
- Shift+Link compatible w/Vector Series, Pro Series & STi

Part #SHIFTER ZR4

STIR PLUS

The BELTRONICS STIR Plus is an Installed High Performance Stealth Defense System. The STIR's GPS powered technology provides permanent relief from false alarms including automatic door openers, motion sensors and other radar-based sensors. And, it comes preloaded with thousands of red light and fixed position speed camera locations throughout North America.

- Our new TotalShield™ Technology makes the STIR Plus completely invisible against any type of radar detector
- Pre-Loaded Safety Camera DEFENDER™ Database - provides warning for thousands of red light and fixed position speed camera locations throughout North America

- Web Ready - Safety camera database and operating software can be easily updated via our website
- Autoscan
- Next Generation laser protection
- Easy to use controls
- Digital voice alerts
- Mute/Automute/Smartmute
- Comes complete with owner's manual and installation manual, separate display and controller for multiple installation options, front radar/laser receiver, 12-volt interface module, 12-volt amplified speaker, a bi-color LED, all necessary hardware and three years of downloadable updates

Part #StirPlus

STI DRIVER

Exclusive TotalShield technology makes this top of the line detector invisible to radar detector detectors. The STI Driver package comes complete with a comprehensive owner's manual with quick reference card, quick-release windshield mount with suction cups, our unique coiled SmartPlug™ lighter adapter with convenient mute button, alert lamp and power-on indicator, molded zipper travel case and don't forget - 360 degree protection. This is by far the best detector for the professional driver.

- Exclusive TotalShield™ Technology
- All U.S. Radar and Laser Band Coverage

- Dual Antenna Design
- Multi-Sensor Laser Protection
- Digital "POP" Radar Alert
- Digital Signal Processing (DSP) Virtually Eliminates False Alerts
- Clear Digital Voice or Audio Alerts
- Mute and AutoMute Audio Controls
- Easy-to-Use Options and Controls
- Ultra-Bright High Definition Display
- Brightness Control with Dark Mode
- Magnesium Construction
- Advanced AutoScan™ Processing

WORLD'S BEST
Radar Detector as tested

Part #STi

STI MAGNUM

Amazing 60% performance improvement! BELTRONICS is the performance leader in radar and laser technology. Our industry leading dual LNA (low noise amplifier) microwave receiver delivers the longest possible warning on all radar bands, including the latest "POP" mode threats.

- Exclusive TotalShield™ Technology
- All U.S. Radar and Laser Band Coverage
- Dual Antenna Design
- Multi-Sensor Laser Protection
- Digital "POP" Radar Alert
- Digital Signal Processing (DSP) Virtually Eliminates False Alerts

- Clear Digital Voice or Audio Alerts
- Mute and AutoMute Audio Controls
- Easy-to-Use Options and Controls
- Ultra-Bright High Definition Display
- Brightness Control with Dark Mode
- Magnesium Construction
- Advanced AutoScan™ Processing

Part #STI MAGNUM

BELTRONICS

RADAR DETECTORS

RX-45

Introducing the RX45, a fully integrated, high performance radar and laser detector system. It offers the convenience of built-in discreet security yet installs in dramatically less time and with fewer components than all other integrated detection systems.

- Advanced digital signal processing
- Auto sensitivity mode automatically reduces false alarms
- EZ preferences for customizing user settings

- Blistering all-band protection
- Discreet installation to protect from theft
- Fully integrated with the convenience of auto-on at vehicle start up

Part #RX-45

V6

The perfect accessory for the economical driver. The V6 still has 6 times the range of imports, and covers you for all US Radar and Laser Bands, all at an affordable price.

- Clear Digital Voice or Audio Alerts
- Easy-to-Use Options and Controls
- 6 Selectable Features
- Ultra-Bright High Definition Display
- Brightness Control with Dark Mode

- 6x Range vs. Imports
- All U.S. Radar and Laser Band Coverage
- Multi-Sensor Laser Protection
- Digital "POP" Radar Alert
- Digital Signal Processing (DSP) Virtually Eliminates False Alerts

Part #V6

V8

Drive safely and save money with the V8. Includes features usually found on more expensive detectors: 3 brightness levels, VG2 Immunity, Digital Signal Processing, sturdy windshield mount and more. Now you don't have to choose between driving safely and saving money.

- Digital "POP" Radar Alert
- Advanced AutoScan Processing
- Digital Signal Processing (DSP) Virtually Eliminates False Alerts
- Clear Digital Voice or Audio Alerts
- Easy-to-Use Options and Controls
- 6 Selectable Features
- Ultra-Bright High Definition Display
- Brightness Control with Dark Mode

- 8x Range vs. Imports
- All U.S. Radar and Laser Band Coverage
- Multi-Sensor Laser Protection

Part #V8

Pro RX65 Red Radar Detector

- RED DISPLAY
- 10x Range vs. Imports
- All Radar and Laser Band Coverage
- Multi-Sensor Laser Protection
- Digital "POP" Radar Alert
- Advanced AutoScan™ Processing
- Digital Signal Processing (DSP)
Virtually Eliminates False Alerts
- Clear Digital Voice or Audio Alerts
- Easy-to-Use Options and Controls
- 7 Selectable Features
- Ultra-Bright High Definition Display
- Brightness Control with Dark Mode

Pro RX65 Blue Radar Detector

- BLUE DISPLAY
- 10x Range vs. Imports
- All Radar and Laser Band Coverage
- Multi-Sensor Laser Protection
- Digital "POP" Radar Alert
- Advanced AutoScan™ Processing
- Digital Signal Processing (DSP)
Virtually Eliminates False Alerts
- Clear Digital Voice or Audio Alerts
- Easy-to-Use Options and Controls
- 7 Selectable Features
- Ultra-Bright High Definition Display
- Brightness Control with Dark Mode

BLUE - Part #RX65B

RED - Part #RX65

Professional Series GX65 Radar / Laser / Detector / Safety Camera

- 10x Range vs. Imports
- All Band Radar and Laser Protection
- Safety Camera Database - Provides warning for thousands of locations throughout North America
- Variable Speed Sensitivity - Provides real-time radar protection based on your vehicle's speed
- SpeedCheck - Provides a quick visual of your vehicle's speed during an alert
- Multi-Sensor Laser Protection
- Crystal-Clear Voice Alerts
- AlertLock - Permanently eliminates known false alerts by location and frequency (ie automatic door openers, motion sensors)
- Mark Location - Enables you to add known speed traps and other hot spots for future reference
- Web Ready - Safety camera database and operating software can be easily updated via our website
- Digital "POP" Radar Alert
- Advanced AutoScan™ Processing
- Advanced AutoScan™ Processing
- Multiple front and rear laser sensors provide 360 degree laser protection including the widest field of view
- Easy-to-Use Options and Controls
- Ultra-bright hi-definition display
- Brightness control w/dark mode
- Safety Warning System

GX65 Professional Series

Part #GX65

Vector Series

Part #940

Radar / Laser Detector - Vector 940

- UP TO 1/2 MILE GREATER RANGE
- Radar and laser sensitivity • VG2 protection
- Virtually eliminates false alarms
- Selectable voice or one alerts
- Selectable Mute and AutoMute
- SWS safety radar detection
- Easy to read text display with 280 bright LEDs
- Quick release window mount

Part #955

Radar / Laser Detector - Vector 955

- UP TO 1/2 MILE GREATER RANGE
- Radar and laser sensitivity • VG2 protection
- Virtually eliminates false alarms
- Selectable voice or one alerts
- Selectable Mute and AutoMute
- SWS safety radar detection • Quick release mount
- Easy to read text display with 280 bright LEDs PLUS
- AutoScan filter • 3 additional filter modes

Part #995

Radar / Laser Detector - Vector 995

- UP TO 1 MILE GREATER RANGE
- Radar & laser sensitivity • Virtually eliminates false alarms
- Selectable voice or 1 alerts • Selectable Mute & AutoMute
- SWS safety radar detection • Quick release mount
- Easy to read text display w/280 bright LEDs • VG2 protection PLUS
- AutoScan filter • 3 additional filter modes • Ku-band
- Tech mode displays numeric frequency • Voltmeter display
- Selectable band coverage • Protective carrying case

BELTRONICS

RADAR ACCESSORIES

MOUNTING

Part #001SPK-B0

AUXILIARY SPEAKER

While this speaker is not weatherproof, the uses are nearly limitless. Mounts easily within vehicle. Must be wired directly to 12-volt power source. Dimensions: 2.25" W x 2.25" H x 2.25" D. Useful for models: RX65, RX55, V995, V965, V955, V940, GX65, STI driver and Sti Magnum.

Part #5700027

BLACK VISOR CLIP MOUNT

Prefer to keep your windshield free of mounts? Our visor clip mount allows you to attach your radar detector directly to your sun visor. For radar detector models: Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940, 895, 795.

Part #0010026-1

NEW PLATFORM MOUNT W/DISC PAD

Provides an easy way for you to mount your Radar Detector without having to attach your detector to the windshield. Just stick it to the dash. Mount uses an adhesive platform to secure the unit, and adhesive to secure the Disc Pad to the dash.

Part #0010027-1

SUPERCUP WINDSHIELD MOUNT

Our heavy duty mount moves the detector closer to you and provides a single quick release windshield suction cup. Works with all current Beltronics radar detectors.

CORDS

Part #0040007-02

COILED SMARTPLUG - BLUE

Once you are notified to a threat, our SmartPlug makes it easy to temporarily silence your radar detector. And don't worry, our detectors are smart enough to sense another threat and alert you in time. Even when muted, the meter on the detector will still flash the threat level and strength until you are safely out of range. Get an extra cord for each of your vehicles to make moving the detector between cars easy. For radar detector models: GX65, Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940*. Blue Display

Part #0010007-A

COILED SMARTPLUG - RED

Once you are notified to a threat, our SmartPlug makes it easy to temporarily silence your radar detector. And don't worry, our detectors are smart enough to sense another threat and alert you in time. Even when muted, the meter on the detector will still flash the threat level and strength until you are safely out of range. Get an extra cord for each of your vehicles to make moving the detector between cars easy. For radar detector models: GX65, Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940*. Red Display

Part #14-000060-01

COILED CORD

Its always good to keep a backup cord in your vehicle. Standard power cord plugs into 12V cigarette lighter. For radar detector models: GX65, Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940*, 895, 795.

Part #71500-004

Straight SmartPlug Blue

12 feet long for extra length between your windshield and cigarette lighter. For radar detector models: GX65, Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940.

CORDS

Part #71500-003

Straight SmartPlug Red

12 feet long for extra length between your windshield and cigarette lighter. For radar detector models: GX65, Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940.

Part #001DWC-BL

Direct Wire SmartCord - Blue

Simply use our Direct Wire SmartPlug to connect your radar detector straight to the fuse box in the dash of your car. For radar detector models: GX65, Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940.

Part #001DWC-A

Direct Wire SmartCord - Red

Simply use our Direct Wire SmartPlug to connect your radar detector straight to the fuse box in the dash of your car. For radar detector models: GX65, Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940.

Part #71501-001

Beltronics Straight Power Cord

12 ft straight power cord. For radar detector models: GX65, Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940

Part #79-001059-01

Direct Wire Cord

Clear out the clutter from your dash by direct wiring your radar detector straight into your fuse box. For radar detector models: GX65, Sti Magnum, STi Driver, RX65, RX55, 995, 965, 955, 940
