

# BFX TOPPERS

When you're reaching for the top, make sure you have the best.

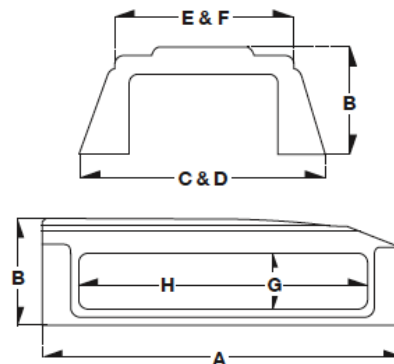

**BRANDFX**  
B O D Y C O M P A N Y

BrandFX Toppers are made from advanced, lightweight FX Composite and fit all popular Chevrolet, Dodge, Ford, & GMC pickup models and bed sizes. FX Toppers are designed for easy removal and offer shelving, drawer, cabinet, & lighting options that make your truck a more productive mobile storage space and workplace.

With an FX Topper, you get the strength and durability of a steel topper that weighs considerably less than steel or aluminum. That translates to less fuel consumed or the ability to haul more tools and equipment. FX Composite construction also provides worry-free, rust-free performance for the life of your vehicle. It won't warp, dent or weaken.

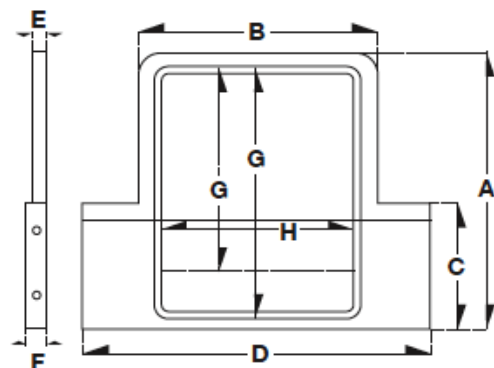

## BFXB Toppers

	Full Size				Mid-Size		
	Standard 8ft	Standard 6.5ft	Low Profile 8ft	Low Profile 6.5ft	Ranger	S-10	Dakota

## COMPOSITE BODY MANUFACTURING AT ITS BEST

BrandFX is the world's largest composite utility body manufacturer. We manufacture to the highest industry standards. Our engineering insures consistent quality, light weight design, and industry leading longevity!

### Composite Service Bodies

- Rock guards • Aluminum gas fill cup
- Automotive grade bubble gasket
- Bright white gel-coat exterior
- Bright white interiors to reflect light
- Recessed door jams
- LED exterior lighting package (except back-up lights)
- Flow through ventilation system
- Light adapter for specified chassis
- Non-skid compartment tops
- One piece molded doors w/ automotive finish both sides
- Recessed door jams 3/16" smooth aluminum bulkhead and tail skirt
- Non-Corroding stainless steel hardware and hinges
- Recessed door jams Vinyl coated stainless steel cable door stops
- 2% less fuel consumption over a comparable steel body and chassis
- Decreased maintenance costs of tires, brakes, shocks, suspensions, and more
- dramatically reduces tons of pollutants from being released into the environment
