## All Cast Jack

The Hi-Lift Jack Company offers the only all-cast jack manufactured in the world today. Our casting jack is manufactured from high yield and tensile strength iron castings, the same durable metal that we have used for over 100 years.

- All-Cast Construction
- 7000lb (3175.14kg) Tested Capacity
- Lifts, Winches, Clamps, & More
- Most Durable Design

42" (107cm) Part #HL425  
 48" (122cm) Part #HL485  
 60" (152cm) Part #HL605

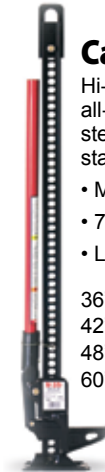

## Cast & Steel Jack

Hi-Lift cast and steel jacks are exactly the same as the all-cast except that they have four stamped high-strength steel parts. The result is the same rigorous quality standards but with a lower price

- Made of Cast & Stamped Steel Parts
- 7000lb (3175.14kg) Tested Capacity
- Lifts, Winches, Clamps, & more

36" (91.44cm) Part #HL364  
 42" (106.68cm) Part #HL424  
 48" (122cm) Part #HL484  
 60" (152cm) Part #HL604

## Extreme Jack

The Hi-Lift X-Treme is for the serious Hi-Lift user offering the "top of the line" all-cast version with special features that include charcoal metallic powder-coat finish, gold zinc-coated hardware and handle and a special top winch-clamp-spreader attachment

- Winch, clamp or spread up to 5,000lbs
- One position for all winching, clamping and spreading positions

48" (121.92cm) Part #XT485  
 60" (152cm) Part #XT605

## UTV Jacks

The "Original Power Tool" of the off-road market is now available to meet the ever-increasing demands of the UTV market with this specialized Hi-Lift® jack model. Sized perfectly for UTV operators... off-roaders, farmers, ranchers, search and rescue personnel, and general outdoorsmen.

- Lightweight, weighing less than 30 lbs
- Special attachment: standard top clamp-clevis replaced with winch/clamp/spreader tool

36" (91cm) Part #UTV364  
 42" (107cm) Part #UTV424

LIGHTING

## Hi-Lift LOC-RAC

Mount and Lock Your Hi-Lift Jack to the Bedrail of your Pickup. Installation is simple. It can be mounted horizontally or vertically, with or without a Jack Protector. Your Hi-Lift Jack is mounted in an easy to reach location and is locked to deter theft. Designed to fit the bedrail of most pickups.

Each kit contains 2 mounting brackets, a padlock, & all necessary mounting hardware.

Part #LR-200

## Off Road Base

Alleviate jack sinkage on soft ground by increasing your support surface

- Can be used with any model of Hi-Lift Jack
- Rugged construction meets Hi-Lift Jacks specifications for strength and durability
- Convenient to use, easy to store

Part #ORB

## Hi-Lift Adjustable Tube Mount

- Mount your Hi-Lift Jack to tube bumpers, bull bars, roll cages or roof racks
- Manufactured of 6061-T6 structural aluminum with stainless steel hardware
- No drilling required

PART # TM-700 is adjustable for tubing 1"-2" in diameter

PART # TM-750 is adjustable for tubing 2"-3" in diameter

## Neoprene Jack Cover

- Neoprene cover protects your jack from dirt and mud
  - One size fits all
- Part No #NJC

## Handle Keeper

- Designed to slip over the Hi-Lift® handle and I-beam to keep them parallel and secured when stored

Part No #HK-B Black

Part No #HK-R Red

## 4XRAC

An easy, inexpensive way to stow the Hi-Lift Jack in a convenient, secure location

- Padlock can be placed through a hole in the carriage bolt
- All mounting hardware & instructions included
- Velcro handle strap secures handle to jack bar
- Mounting brackets are slotted for adjustment
- 1/8" steel construction

Part #4X400

### Lift Mate

Designed to operate in a manner that allows the vehicle wheel to be lifted directly from the wheel, greatly reducing the amount of travel up the jack bar needed to lift the wheel in an adequate & safe height

- Lift capacity of 5,000lbs (2273kg)
- Rubber-coated hooks to protect the wheel
- Rubber pad for protecting the tire & wheel

Part # LM-100

### Fix-It-Kit

Keep your Hi-Lift Jack operating trouble-free. The Fix-It-Kit has the principle parts for servicing all Hi-Lift Jack lifting units.

- Kit includes: 2 climbing pins; 2 climbing pin springs; two cross pins; one shear bolt and nut; one tube of jack lubricant

Part #FK-1

### Slide-N-Lock: Tie Down System

The ultimate way to secure any type of payload. Use Slide-N-Lock load restraint for trucks, trailers, jeeps, SUVs and more!

- Self-locating holes placed every five inches, you can position the points wherever you need them
- Moveable locking points
- Rust-free design
- Capable of securing extremely heavy loads
- Installs in minutes
- Available in black or clear

68" Black - Part #BXR68B  
68" Clear - Part #BXR68S

93" Black - Part # BXR93B  
93" Clear - Part # BXR93S

### Off Road Kit

Everything you need to winch with the Hi-Lift Jack - All in one convenient gear bag!

- This kit keeps all of the needed parts for winching at arms reach
- Kit includes: one winch tensioner, one custom nose attachment, one 8-ft tree saver strap, one pair of Hi-Lift gloves, hardware & gear bag

Part #ORK

### Hi-Lift Handle-All: 4 Tools In 1

A multi-functional tool with telescoping handle & four full-sized implements. Compact & rugged, while maintaining full-size utility. Perfect for camping, off-roading, recreation, farming and forestry. Stores compactly alongside other accessories.

When driving off road, it is essential to have recovery equipment: a shovel, an axe, a sledge hammer and a full-sized pick-axe head are ready to handle any situation you come across. All come in a branded gear bag for storage. Includes telescoping implement handle!
