

ROCK TAMERS MUDFLAP SYSTEM

Description: **ROCK TAMERS MUDFLAP SYSTEM**
(Matte Black w/ SS Trim Plates)
Part Number: **P/N 00108**
UPC: **0 32918 00108 4**
Shipping Weight: **38.5 lbs.**
Box Dimensions: **L 25.75 x W 26.5 x H 3.625**

"ROCK TAMERS™" is the premiere "Adjustable and Removable" Mudflap System designed to provide the ultimate protection for your towable's from damage caused by rocks, mud, debris and road tar. "EASY ON AND OFF" They are the perfect solution for consumers who want the utility aspect of mudflaps but want to maintain their vehicle's stylish and attractive appearance. PROTECT WHAT YOU TOW!® a registered trademark of Rock Tamers, LLC.

00108 - Matte Black w/ SS Trim Plates
(shown on display stand P/N 00400)

FEATURES AND BENEFITS

Rock Tamers provide protection while towing:

- ▶ Boats & Watercraft Trailers
- ▶ Fifth Wheels, Travel Trailers, Horse & Livestock Trailers
- ▶ ATV & Snowmobile Trailers, Utility Trailers and more...

► CONSTRUCTION

- ▶ Rock Tamers are made from durable top quality materials and components for long time use.
- ▶ Hub and arms are heat treated forged aluminum for maximum strength.

► MATERIALS

- ▶ Stylish matte black powder coated UV protected finish, forged aluminum hub and arms, extremely strong & corrosion resistant.
- ▶ Durable heavy duty mudflaps are 3/8" thick and molded with a layer of tear resistant fabric. Mudflaps are 24.25" x 23.875" providing exceptional coverage & may be cut to any length utilizing pre-molded cut lines and feature an anti splash pattern on backside of flaps.
- ▶ Support rods are stainless sleeved steel rods with zinc coating inside for corrosion resistance.
- ▶ Mudflap clamp extrusions are UV protected matte black powder coated with stainless steel mounting hardware.
- ▶ Stainless steel polished trim plates included with stainless steel mounting hardware.
- ▶ Hub and arm bolts are made of high strength steel with chemical nickel barrel plating.

This patented system is easy to attach or remove from any standard 2" ball mount and receiver hitch system and requires no drilling on your vehicle. One size fits most vehicles ranging from small (66.75") to dually (97") size trucks or SUV's. The mudflap ground clearance is achieved by cutting the mudflap to the desired length and/or by rotating the adjustable arms to the desired height.

IMPORTANT!

SUMMARY

- ▶ **One size fits most vehicles ranging from small to dually size.**
- ▶ **Overall width is adjustable from 66.75" to 97"**
- ▶ **Easily secures to most 2" ball mounts & receiver hitches**
- ▶ **Center Hub requires at least 1" of free space on ball mount shank**
- ▶ **No drilling required on vehicle**

*Forging can produce a piece that is stronger than an equivalent cast or machined part. As the metal is shaped during the forging process, its internal grain deforms to follow the general shape of the part. As a result, the grain is continuous throughout the part, giving rise to a piece with improved strength characteristics.

WARRANTY: Rock Tamers, LLC. warrants this product to be free of defects in material and workmanship under normal use and service for the period of one (1) year from the original consumer date of purchase.
