

Superchips

LIGHTNING STRIKES AGAIN

Two uniquely individual tuning options from Superchips deliver performance and value – VIVID PAQ, the all-new Android™ OS-based in-cabin wireless tuning solution, and Flashpaq, the number one selling handheld programmer. Superchips, unmatched power made easy.

VIVID PAQ

The power of Superchips and the Android operating system are now at your fingertips. The state-of-the-art VIVID is the only device of its type to successfully integrate many of today's popular consumer electronics with a full-blown wireless performance tuning device. The key is the combination of Superchips high performance vehicle tuning and an ARCHOS™ internet tablet powered by the Android OS. Together they open up a whole new world of possibilities.

- Tuning for over 1,000 vehicles & many popular everyday use apps
- Wireless tuning & gauges for real-time vehicle monitoring via Bluetooth
- Maintenance Tracker & Milage Mentor apps included
- Inclinometer & G-Force Meter included
- Tow safely up to OEM recommended weight limits
- Android OS & 854 x 480 4.3" high resolution touch screen
- 1GHz processor, 8 GB on-board flash memory

flashpaq

Choose from multiple power levels and a variety of user-tunable options. Flashpaq delivers dyno-proven power for either 87, 89, 91 or 93-octane, so one can choose according to the need for speed or the price at the pump. Most truck users can choose from max-performance, towing or economy tunes. There's no other hard part in the business that will produce more power per dollar. But if hard parts are on board, Flashpaq is compatible with most popular cold-air intake packages, low-restriction exhaust systems and even some aftermarket throttle bodies. Superchips Flashpaq is the number one selling programmer, period.

- Gas power gains up to 48 HP & up to 62 lb-ft*
- Diesel power gains up to 154 HP & up to 318 lb-ft†
- Performance settings for 87, 89, 91 & 93 octanes
- 4 x 4 options for enhanced off-road tuning
- Tuning options for transmission shift points & shift firmness

Superchips

TRACK & TRAIL TESTED

The power to greatly improve vehicle performance on the street, track, or trail can be done in minutes with Cortex™, the only tuner with a 2-year limited powertrain warranty, or the all-new Trail Jammer EXT kit for Jeep®. Superchips, unmatched power made easy.

CORTEX

The innovative Cortex is Superchips premium handheld programmer that lets drivers control and improve their vehicle. In just a few minutes, drivers can easily add more horsepower and torque without opening the hood. Advanced features include calibrating for tire size and gear swaps; adjusting shift points and firmness; speed and rev limiter; and much more. The Cortex includes best-in-class tuning levels for performance, towing, and economy. The Cortex is unique, having only one part number per OEM, providing a great deal of flexibility to the customer.

- Industry-exclusive 2-year limited powertrain warranty
- Best-in-class tuning for the street, track & trail
- Set shift points & firmness based on tune installed
- Available tuning for multiple VINs
- Speedometer & shift point calibration for gear & tire size changes
- Monitor OBD-II data & vehicle performance including 0-60 MPH & 1/4-mile times
- Read & clear diagnostic trouble codes

TRAIL

JAMMER

PERFORMANCE KIT

The Trail Jammer EXT performance kit delivers the ideal air/fuel enhancements for your 4.0L TJ Wrangler or XJ Cherokee. The Trail Jammer EXT dramatically improves the power and throttle response of your Jeep on and off the road. The kit includes a 62mm high-flow machined throttle body to improve drivability, a 195 CFM cold-air intake system to maximize air flow, and a Flashpaq programmer to optimize engine tuning. Feel the difference 18% more HP can make on a 4.0L Jeep; it adds to the seat-of-the-pants feel! Best of all, the entire kit bolts on in less than an hour.

- Adds up to 18% more horsepower
- Power, fuel economy & towing tunes included
- Automatic transmission shift optimization
- Calibrate for tire sizes from 22.5" & 42" (speedometer correction)[†]
- Adjust the idle in real time to run accessories
- Lock your Rubicon lockers in 4-HI

TJ Wrangler	TJ Wrangler	XJ Cherokee*
1998-2004 387513	2005-2006 387514	1999-2001 387210

*Intake will not work on Jeep Cherokee's with ABS
[†]Available on properly equipped Jeeps
