

TEKONSHA® PROPORTIONAL BRAKE CONTROLS

90195 P3® - Taking innovation to a whole new level.

After receiving valuable insight from industry experts and our own customers, Tekonsha® did something truly amazing: We listened and responded. The result is the **P3®**; the industry's most advanced electric trailer brake control. A true proportional braking system, P3 has several added features, making it the new standard for electric trailer brake controls.

- A distinct, easy-to-read LCD display with multiple screen color options
- "Up-Front" controls provide easy access to all P3 features
- Easy to understand diagnostics show output current, battery/brake/output voltage
- A "flashing red" warning system alerts user to "No Trailer Brake" situations
- Select Electric over Hydraulic or Electric trailer brake mode
- Screen information display in English, French or Spanish
- The "Original Boost" feature allows for different levels of customized braking
- Compact, dash-hugging design
- Unique, easy-to-use, clip-mounting system
- Quick disconnect feature for easy storage
- Electric trailer brake control for up to 4 braking axles
- Limited lifetime warranty

90885 PRODIGY P2 - A no-level, no-hassle advance in proportional braking.

- Reverse battery protection for both vehicle and breakaway systems
- Designed to work with electric over hydraulic trailer brakes
- Multiple mounting options –including 360 degree vertical rotation
- No level adjustment necessary –it adjusts itself to varying terrain as you drive
- Great for backing into tough spots! Works proportionally in reverse with the ability to disable when not needed
- Produces stops that are in proportion to vehicle's deceleration rate
- "Boost" feature gives users the ability to apply more initial trailer braking power
- Limited lifetime warranty (some conditions apply)

90160 PRIMUS™ IQ - The smarter braking solution.

PRIMUS™ IQ is a totally proportional electric trailer brake control. This easy-to-set system allows the driver maximum flexibility when determining how the trailer should respond to a braking event. Snap-in dash mounting clip and removable electrical connector allow the unit to be quickly stored (or moved to another vehicle) when not in use. Other features include:

- Works proportionally in reverse
- No level adjustment necessary, adjusts to varying terrain as you drive
- Digital display shows voltage to trailer during braking
- The "Original Boost" feature allows for customized braking
- Pre-assembled wire harness for simple hook-up and quick disconnect
- Diagnostic features incorporated in LED display
- Electric trailer brake control for up to 3 braking axles
- Limited lifetime warranty

9030 VOYAGER® - Smooth and secure proportional trailer braking.

- Broad control range makes setting quick and easy
- As braking power is applied, the LED changes color gradually from green (completed circuit) to red, to indicate relative braking power
- Advanced electronics minimize false braking for smoother ride
- Electric trailer brake control for up to 4 braking axles
- 5 year limited warranty
- Unit now includes the Plug 'N' Play feature.

TEKONSHA® PROPORTIONAL BRAKE CONTROLS

90250 PRODIGY® RF - The perfect shared-trailer solution.

If you take to the road with multiple vehicles, there's really only one solution: **PRODIGY® RF**. Consider all it offers:

- User does not need a dash mounted, hard wired brake control
- True proportional trailer braking, forward or reverse
- No level adjustment necessary
- Trailer braking power supplied via 7-Way Connector from the vehicle
- Suitable for use on any trailer with up to 3 braking axles

In the Tow Vehicle (Hand Held unit):

- Wireless communication between the remote hand unit and trailer mounted power module eliminates the need for under dash wiring
- Easy to see LED display for trailer brake voltage, power output and diagnostics
- Easy to use remote hand control; includes the Prodigy "Boost" system to allow for different levels of customized braking
- Unit provides continual diagnostic scanning with a visual warning display
- Hand held unit plugs into any standard 12 volt power accessory adaptor
- Hand held unit has a 5 year limited warranty

On the Trailer (Power Module Unit):

- Power module uses standard RV Blade style (Bargman) 7-Way truck and trailer connectors
- Trailer Power Module is watertight and is powered through 7-way cable from the tow vehicle
- Multiple mounting options on the tongue or front of the trailer
- Trailer mounted power module has a 15 year limited warranty

TEKONSHA® BREAKAWAY SYSTEMS & TESTER

BREAKAWAY SYSTEMS

These complete systems incorporate the highest quality components in trailer breakaway systems. Meet or exceed Department of Transportation (DOT) specifications regarding trailer breakaway and holding requirements. If a breakaway occurs between your tow vehicle and your trailer, the breakaway systems will automatically apply consistent braking power to your trailer brakes. Quick and easy to install, the systems comes with a weather/corrosion resistant, heavy-duty polymer case to protect the battery and charger.

For use on 1, 3, 3 & 4 Axle Trailers with Electric Brakes

2026 BREAKAWAY SYSTEM

Includes Polymer Battery Case w/A-Frame or Post Mounting Bracket; Rechargeable Sealed 12v 5 Amp-hr Lead Acid Battery & Terminals; Breakaway Switch.

2028 BREAKAWAY SYSTEM WITH CHARGER

Includes Polymer Battery Case w/A-Frame or Post Mounting Bracket; Rechargeable Sealed 12v 5 Amp-hr Lead Acid Battery & Terminals; Breakaway Switch; DC-to-DC Heavy Duty Multi Stage/Maintenance Charger.

6562 7-WAY TRAILER EMULATOR

7-Way Trailer Emulator is used for the proper installation and set-up of a brake control when a trailer is not readily available. Brake control set-up is accomplished using a built-in load module that will simulate electric magnet brakes on a trailer. (The emulator will also check electrical continuity of all circuits in the 7-Way blade style connector.)

50-85-313 PUSH TO TEST BREAKAWAY KIT (with Integrated Charger)

- Push to Test: LED's indicate fully charged, charging or recharge
- Integrated multi-stage charger offers a fast charge to quickly bring voltage up
- Once fully charged, the automatic float mode is designed to provide a continuous charge w/o overcharging
- Flat surface mounting
- Post mount bracket available (P/N 5085314)
- For up to 3 axles

TEKONSHA® O.E.M. WIRING HARNESSSES

All of Cequent brake controls now includes the Plug 'N' Play feature.

BRAKE CONTROL O.E.M. WIRING HARNESSSES

O.E.M. Style Wire Harness for models equipped with trailer tow package. Includes OEM connector, Tekonsha® P3®/ Prodigy® / Primus™ IQ connector and 3 ft. leads. For use with other brake controls remove Tekonsha connector.
