◇ F450 requires adaption kit, PN 029901.

□ Generally replaces after-axle diesel tanks for F350, F450 and F550 that utilize PS-123 sending units; To adapt to PS-191 sending units in some vehicles (especially E-Series Vans, use PN 029910).

SS Indicates the tank is a new improved "Super Series ." Super Series tanks are larger than ever before; they represent a new level of quality, features, and innovation. All TITAN tanks (except direct replacement Aft Axle tanks) are tapered to allow for access to the largest amount of fuel in the tank. In addition, Super Series tanks feature an exclusive low fuel trap design which keeps fuel for use at the sending unit, even when the tank is nearly empty—even if the vehicle is operating on a slope. This assures MAXIMUM USABLE GALLONS."

A TITAN Fuel Tank allows you to get as much as 1,200 miles on one tank alone.
