

Helping Mark Uncharted Territories Since 1905. Have You Marked Yours?

All Cast Jack

The only all-cast jack manufactured in the world today. Manufactured from high yield and tensile strength iron castings, the same durable metal that we have used for over 100 years.

- All cast construction
- 7,000lb (3,175.14kg) tested capacity
- Available in 48" (122cm) and 60" (152cm) heights
- Lifts, winches, clamps and more!
- Most durable design

48" (122cm) Part #HL485
60" (152cm) Part #HL605

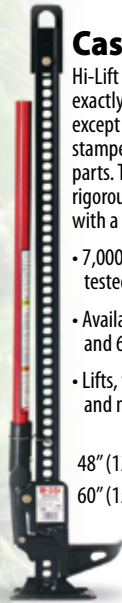

Cast & Steel Jack

Hi-Lift cast and steel jacks are exactly the same as the all-cast except that they have four stamped high-strength steel parts. The result is the same rigorous quality standards but with a lower price

- 7,000lb (3,175.14kg) tested capacity
- Available in 48" (122cm) and 60" (152cm) heights
- Lifts, winches, clamps and more!

48" (122cm) Part #HL484
60" (152cm) Part #HL604

Extreme Jack

The Hi-Lift X-Treme is for the serious Hi-Lift user offering the "top of the line" all-cast version with special features that include charcoal metallic powder-coat finish, gold zinc-coated hardware and handle and a special top winch-clamp-spreader attachment

- Winch, clamp or spread up to 5,000lbs
- One position for all winching, clamping and spreading positions

60" (152cm) Part #XT605

Off Road Base

Alleviate jack sinkage on soft ground by increasing your support surface

- Can be used with any model of Hi-Lift Jack
- Rugged construction meets Hi-Lift Jacks specifications for strength and durability
- Convenient to use, easy to store

Part #ORB

Bumper Lift

Designed to fit most steel curved bumpers for quick and easy lifting

- When used with the Hi-Lift Jack makes raising one wheel of most average sized vehicles up to 2" above the ground an easy task

• 3,000lbs (1361kg) capacity

Part #BL-250

Loc-Rac

Conveniently mount and lock your Hi-Lift Jack to the bedrail of your pickup

- Can be mounted horizontally or vertically, with or without a Jack Protector
- Designed to fit the bedrail of most pickups
- All necessary mounting hardware included

Part #LR-200

4XRAC

An easy, inexpensive way to stow the Hi-Lift Jack in a convenient, secure location

- A padlock can be placed through a hole in the carriage bolt
- All mounting hardware and instructions included
- Velcro handle strap secures handle to jack bar
- Mounting brackets are slotted for adjustment
- 1/8" steel construction

Part #4X400

Hi-Lift®

Lift Mate

Designed to operate in a manner that allows the vehicle wheel to be lifted directly from the wheel, greatly reducing the amount of travel up the jack bar needed to lift the wheel in an adequate & safe height

- Lift capacity of 5,000lbs (2273kg)
- Rubber-coated hooks to protect the wheel
- Rubber pad for protecting the tire and wheel

Part #
LM-100

Fix-It-Kit

Keep your Hi-Lift Jack operating trouble-free. The Fix-It-Kit has the principle parts for servicing all Hi-Lift Jack lifting units.

- Kit includes: 2 climbing pins; 2 climbing pin springs; two cross pins; one shear bolt and nut; one tube of jack lubricant

Part #FK-1

Slide-N-Lock: Tie Down System

The ultimate way to secure any type of payload. Use Slide-N-Lock load restraint for trucks, trailers, jeeps, SUVs and more!

- Self-locating holes placed every five inches, you can position the points wherever you need them
- Moveable locking points
- Rust-free design
- Capable of securing extremely heavy loads
- Installs in minutes
- Available in black or clear

68" Black - Part #BXR68B
68" Clear - Part #BXR68S

93" Black - Part # BXR93B
93" Clear - Part # BXR93S

Off Road Kit

Everything you need to winch with the Hi-Lift Jack - All in one convenient gear bag!

- This kit keeps all of the needed parts for winching at arms reach
- Kit includes: one winch tensioner, one custom nose attachment, one 8-ft tree saver strap, one pair of Hi-Lift gloves, hardware and gear bag

Part #ORK

Hi-Lift® Handle-All: 4 Tools In 1!

A multi-functional tool with telescoping handle and four full-sized implements. Compact and rugged, while maintaining full-size utility. Perfect for camping, off-roading, recreation, farming and forestry. Stores compactly alongside other accessories.

When driving off road, it is essential to have recovery equipment: a shovel, an axe, a sledge hammer and a full-sized pick-axe head are ready to handle any situation you come across. All come in a branded gear bag for storage. Includes telescoping implement handle!
