**Winner of 5
 International 2009
 SEMA media awards!**

AirBedz mattresses come in several different sizes to fit compact and full size trucks in long and short bed layouts. Cutouts on each side allow the mattress to fit around and over the wheel wells in the truck bed creating a sleep area that utilizes the ENTIRE truck bed. An integrated air coil system evenly distributes weight across a 12" inch thick mattress, providing a better nights sleep to the outdoor enthusiast.
