BACKRACK™

FUNCTION AND STYLE FOR TODAY'S TRUCKS

Accessories

Customize your truck to get the job done with Backrack's™ selection of accessories. Most items simply bolt or clamp on to the Backrack.

Toolbox Brackets

Toolbox Brackets are included in your Backrack or Safety Rack hardware kit by specifying "TB" after part # (10519 TB or 30119 TB). They are also sold separately but do not include mounting bolts.

APPLICATION	PART #
Toolbox Brkts 31" (pr) All Fullsize except Ford	91010-31
Toolbox Brkts 31" (pr) 10501	91011-31
Toolbox Brkts 31" (pr) 10502	91012-31
Toolbox Brkts 31" (pr) 10512	91013-31

Rear Bars

Rear Bars simply drop into the rear pockets of your truck. Provides an safe, simple and easy way to support and secure ladders or long loads on your pickup. An attractive alternative to a full size rack.

APPLICATION	PART #	APPLICATION	PART #
07-10 Chev/GMC Silverado, Sierra (new)	11519	09 Dodge Ram 1500 - 6.5' Box	11527
99-07 Chev/GMC Classic	11509	99-10 Superduty	11501
09 Dodge Ram 1500/2500 - 8' Box	11517	04-10 Ford F-150	11512
09 Dodge Ram 1500 5.5' Box	11527	93-10 Ford Ranger	11310R
		08-10 Toyota Tundra	11518
		95-07 Toyota Tundra	11508

Tonneau Cover Adaptors

Based on overwhelming demand these Tonneau Cover Adaptors elevate your Backrack or Safety Rack allowing you to install any cover that mounts to the inside rail of the truck bed (Truxedo Lo Pro). Kits include metal risers and extended pocket bolts. Refer to Backrack website for complete applications: www.backrack.com.

BACKRACK™

FUNCTION AND STYLE FOR TODAY'S TRUCKS

Side Rails

- No drill installation
- Industrial grade quality & strength
- Designed for working pickup trucks
- Compatible with or without toolboxes
- Installs w/wo Backrack or Safety Rack

Serious strength & quality is what you get with Backrack Side Rails. 1 x 2 HRPO Steel Tube is welded directly on to a formed steel angle. Recessed formed channels are welded on the Side Rail to insert into each stake pocket. Pockets bolts are custom designed for each model of truck. Pocket Bolts fasten directly on to the body of the truck providing the absolute strongest no drill installation of any Side Rail on the market. If you need tough accessories for your work truck these rails will handle any load with ratchet straps, chains, or rope.
